BIG SURPRISE IN STORE FOR BOYS AND GIRLS OF TOWN

The Daily Independent has a surprisie in store for the boys and girls of Monessen and it will be well for all youngsters between 6 and 16 years of age to keep their eyes open wide during the next few days. It will not be long until every boy and girl in the town will be talking about the Daily Independent and its great feature. At present the proposition is a secret, but in a few days it will be made known, and every youngster will be wild over it.

It is something every boy and girl will want and will have, and the fathers and mothers wil be only too willing and glad to help them. Out of this little surprise our boys and girls wil get more real fun and enjoyment that they have derived from anyone thing during their whole lives. So keep a close watch on the Independent every day and be ready for the surprise when it is spring.

Child in Eye & Ear Hospital, May Undergo Operation

Master Paul Passoja, the seven year old son of Mr. and Mrs. Charles Passoja was removed to the Eye and Ear hospital in Pittsburgh yesterday where it is believed he will have to undergo an operation on one ear. The child had measles when quite small and the disease left trouble in the ear which occasioned an operation some time ago. The trouble has reappeared and the lad is now in the hands of specialists with the hope of relief.

MONEY STOLEN FROM KEARNS HOME ON SIXTH STREET HILL

Mrs. Samuel Kearns of 250 Sixth street, met with a loss presumably yesterday when some sneak thief slipped into her kitchen and stole $7.00—a five dollar bill and two ones from the upper shelf of the cupboard. The money was taken some time between Tuesday evening and Wednesday noon. Mrs. Kearns was not away from the house at any time and heard no commotion, so the work was evidently done very quietly and by some one who knew the house. The money was concealed in an opperture of a large cake plate which was turned up side down, and books and trinkets placed over the money. The robber scattered everything all over the shelf, but missed a 50 cents piece and a quarter which were with the paper money. This was a little private saving of Mrs. Kearns who had earned it all by crocheting and making fancy work.

LOCAL NEWS STAND HAS CHANGED HANDS

James F Taylor of Charleroi, has purchased the local news stand from D. R. Campbell. The deal was made several days ago and the new proprietor has already taken charge. The business includes the routes and rights to sell all Pittsburgh and Monessen papers, together with a stock of books, magazines, cigars, tobaccoes and other articles. For the present Mr. Campbell will remain with the business assisting the new proprietor to properly adjust matters and get acquainted with the routes.

Mr. Taylor is a young man full of pluck and energy and is taking hold of the business with a determination to make it go. Customers will experience no delay in getting their papers and wil get the same courteous treatment and promptness in the delivery of their papers that has been accorded by Mr. Campbell.

SUICIDE

J. O. Wycoff, a well known Charleroi undertaker who disappeared from his home about 8 o'clock Wednesday morning, was found at 11 o'clock today on the outskirts of Youngstown, O, where he had committed suicide.

The man was aged 50 years and had been in business in Charleroi for ten years, his place of business being on Fallowfield avenue, between Fourth and Fifht streets, and was considered one of Charleroi's best business men. No cause has yet been assigned for the ras. act.

R. T. DALE IS MADE PRESIDENT OF MONESSEN TOWN COUNCIL

R. T. Dale was elected last night to fill the vacancy in the councilmanic chair caused by the absence of the former Chairman C. S. Shrader. All the eight councilmen were present,

The bills were authorized paid. The treasurer's report showed a slight overdraft, but this didn't trouble Frank Bumer, chairman of the finance committee. He said "go ahead, I have arranged for money sufficient to meet the running expenses." The burgess' report was accompanied by a check for $179.50, the amount due the borough for fines for the month of March Carl Woodward sent in a check for $462.88, the amount due from taxes. J. D. Foster wanted a job policing part of the Third ward. His application was turned over to the burgess.

George Donladson of Turtle Creek, wants a job cleaning up the garbage for ten years. He agrees to build his own disposal plant and at the expiration of the ten year contract turn it over to the borough. His communication was turned over to the sanitary committee. A warrant was authorized for the payment of the last coupons on the second bond issue of the borough. Chairman Knight of the streets and roads committee advanced the matter of placing sidewalks along all paved streets. It was discovered that there is no ordinance to cover this feature. The solicitor was empowered to draft one at once. The report of the fire committee with regard to the purchase of a fire truck was approved and advertising authorized for bids for a truck to meet the specifications submitted by Councilman Kruell of the fire committee.

Under the sanitary committee's report, the Steel Mill row of houses came in for a grilling. A sewer application for Second street between Reed and Knox was spragged and instead a motion was made by Kruell and prevailed, that the agent be notified to place the houses in sanitary condition at once or the law would be invoked against the owner. Complaint was filed before council in person and the sewer asked for, but the proposition was referred back to the owner to use the means at command. The engineer and solicitor were empowered to start correct legal proceedings to condemn a sewer right of way through the Gnipp lot at the head of Ninth street. The matter of turning over $300 for the purpose of equipping a playground on Electric park raised a point of law as to whether the council had a right to appropriate money to improve ground not belonging to the borough. The contribution was approved with the understanding that the borough was only furnishing equipment which could be moved away at reasonable notice.

Frank Bumer reported that the case for the injuries of Margaret Petrusky could be settled without legal action and that a recommendation would follow as soon as the committee could be satisfied that the accident was the fault of the borough. Council adjourned until the next regular meeting.

"SAMSON"

At the Olympic Theatre Today

William Fox Photo Players present "Samson," the powerful dramatic sensation. The stirring stage masterpiece. The greatest interpreter of Sherlock Holmes on the stage. Charles Froman is presenting the greatest climatic success, the production of "Samson" in five reels New York papers said it was the greatest play seen on the stage in ten years. The critics say the screen production is even more powerful than the play. Among the great newspapers that speak highly of this production are Allan Dale in the New York American, New York World, New York Sun, New York Press, New York World, New York Times, New York Evening Telegraph and many others. We positively invite all and guarantee it as one of the highest productions ever in our theatre—OLYPIC. 1t

MARRIED

A wedding announcement was made here yesterday which came as quite a surprise to many Monessen people, Miss Violet Rose Leonard of Monessen and Mr. William Matthew White, of Chester, W. Va., being the happy young couple. Miss Leonard and Miss Hilda Ryan of Donner avenue, went to Chester to spend Easter Sunday with friends, the plans for the marriage having been previously made. The ceremony was performed at 1:15 Tuesday in the parsonage of the Chester Christian church, the Rev. Clarence Rostofer performing the ceremony. The only witness from Monesesn was Miss Ryan who was the bride's attendant.

The bride is one of Monesson's prettiest and best known girls, being a daughter of Mr. and Mrs. H. Leonard of McKee avenue. The groom is well known here, having for quite a time resided in Belle Vernon and was employed in the local tin mill; about three years ago he went to Chester where he is employed in a tinplate mill.

Mr. and Mrs. White expect to make their home in Chester, and they have the very best wishes of a wide circle of Monessen friends.

EVANGELIST BILLY SUNDAY IS COMING

Watch this paper for the first installment of the greatest serial story of the age, "When Billy Sunday Came to Town." Bill says he is preaching the old time gospel on this earth and he is turning cities up side down. Train loads are traveling miles and miles to hear him and he has become the world's greatest preacher. Some love him, some hate him. Those who love him like to read about him, and those who hate him have to keep track of him, so we are going to accommodate everybody by running the serial. The first installment will appear in Monday evening's Independent. Be sure you get a paper and start to read it. The story wasn't written by Bill himself, it just deals with him as the central figure. He comes to a town and raises the devil about hell. Lok out. he's coming here Monday evening.

PASS IT ALONG

The state of North Dakota has begun to put into operation a plan which should bring thousands of new settlers within the next year. The legislature has appropriated $60,000 for the promotion of immigration in the next two years. R. F. Flint, commissioner of agriculture, has given impetus to the plan by asking the co-operation of all the country newspapers in the state to induce their readers to write personal letters to old friends "back home.' Those farmers who are well situated and who have prospered are urged to write their friends and relatives in the older states, in the cities and in Europe, too, telling them of their success, of the resources of the state, how they raise corn, clover, alfalfa; cattle and hogs and in fact, to try and induce those friends to break away from the cities and the older communities and settle in North Dakota.

The plan seems to be a good one and doubtless will result in a great gain in the population of North Dakota. But the plan need not be confirmed to that state alone. Any prosperous rural community can benefit itself if its energetic men and women will help to spread the gospel of country life. Almost everyone of our readers can think of some friend or relative now struggling along in some town or city who, if transplanted to a modest farm, would be healthier, happier and more prosperous than they are at present. Let our readers try the North Dakota plan. Write to your friends, tell them what you are doing and what you mean to do, point out to them that farming today is not what it was 40, 30 or even 10 years ago. Write to your old home town newspaper and let your old friends and neighbors know how well you are getting on. Pass a good thing along. You will be doing your friends a favor and you will be helping the community.

A GROWING EVIL

One of the wonderful events of the century is the largely successful effort of China to suppress the opium traffic. The dreadful thing, however, is the effort made by misrepresentatives of Christian nations, like the United States and Great Britain to educate the Chinese people to use liquor, tobacco and morphine. Chinese officials have said, "Before the black devil of opium is disposed of, the little white devils of cigarettes and morphine are coming in." A big tobacco company has carried on a systematic and ingenious educational campaign with the slogan "A cigarette in the mouth of every man, woman and child in China." It is said that, though cigarettes were hardly used twelve years ago, China now uses more cigarettes than the people of the United States. Wu Ting Fang, former minister from China to the United States, heads a movement against the cigarette and says: "If cigarette smoking is allowed to go on unrestricted, the evil will soon be greater that that caused by opium smoking."

WHERE IS IT?

What has become of the agitation in favor of continuntion schools and vocational training? A year ago there was much agitation of this topic, but it appears to have accomplished little. Bills were presented to the legislature at its session of two years ago, but because the sponsors of different systems were unable to agree, seemingly, the matter was abandoned. It is highly important that this topic be considered further, that intelligent thought be given it and that constructive action be taken as soon as possible. Children, as soon as they are past the compulsory school age, are more and more, by reason of industrial competition, forced into the ranks of the wage earners. It is a crime against them that they must therefore be denied any opportunity of additional education, and especially education in the trades and crafts, thus denying them the chance of earning good wages and forcing them into the ranks of the unskilled.

COMFORTS FOR TEACHERS

Alabama and Washington are following the Texas idea and erecting cottages for the teachers of the rural schools. The idea is to do way with the old and never satisfactory plan of "boarding 'round," a relic of pioneer days. In Texas the school directors erect these cottages near the school house and one county has six of them. In one town the citizens bought the land and erected the house by public subscription. This place has six acres of land round it. In other places the teachers have five and six room cottages, live together on the co-operative plan, and hire a woman to do the housework. Texas has over 100 teachers' cottages. The plan gives the teachers a chance for privacy and a touch of home life that is lacking under the present system in vogue in other places. It is likely that the plan will continue to extend until there is a teacher's cottage in every school district.

The American Legion is an organization trying to get into communication with, enlist the help of and secure the co-operation of those men scattered throughout the country who would come to the defense of their country in case of war. It is a movement which deserves the success with which it has met, because, in case of war, it could be of the greatest assistance. Men who have had training in the regular army, in the states' militia or in civil life, and who would volunteer in case of war, should be located, registered and kept in communication with each other. The American Legion is simply an organization that will assist the government in case of need. It asks neither state nor national aid, financially or otherwise.

MURDERER'S BODY RESTS NEAR VICTIM

Within a few feet of Lillian Leonard's grave, the body of Nicola Mondollo, electrocuted at the new Center county prison early Monday morning, was buried in Park Place cemetery late Tuesday afternoon.

Arrangements had been made by Joseph Mondollo of Phillips, a brother of the electrocuted murderer, to have the grave just a short distance from that of his victim. The grave was dug in the lower left hand corner of the cemetery lot. When the lot was secured, Mondolli's brother did not know of the nearness to the grave of his brother's sweetheart.

Following a post mortem examination over Nick Mondollo's remains at Bellefonte Monday evening by the coroner of Center county, the remains were turned over to an undertaker in that town who prepared them for burial and they were shipped via Adams Express to Uniontown early Tuesday morning. The corpse arrived in that town late Tuesday afternoon and was met by a little band of mourners. The body was then taken to the Holy Cross Roman Catholic church where services were held.

Mondollo was electrocuted in the state penitentiary at Rockview, Pa. He was found guilty of the murder of Lillian Leonard at Uniontown in May 1914. He weighed over 200 pounds and it required four shocks of 2,100 volts to cause death.

W. H. Helen

W. H. Helen, one of the best known hotel men of western Pennsylvania, is dead at Uniontown, where he was proprietor of the Duquesne hotel. The cause of death was gastritis and acute indigestion, following at attack of the grip. He was 50 years of age.

Mr. Helen was president of the Fayette County Hotel Men's Association. His fraternal order was the Benevolent Order of Elks. He was also a trustee of the Loyal Order of Moose, serving a second term in that capacity. He was a staunch Republican. The funeral services were held this afternoon, being attended by the members of the organizations to which he belonged.

COMFORTING WORDS

Many a Monessen Household Will Find Them So

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enought to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting to hundreds of Monessen readers.

Mrs. Ida Coleman, 311 Sixth street, Monessen, says: "I was troubled by a constant backache and in the morning especially when I stooped to put on my shoes. I found it hard to straighten. Sharp pains took my breath away. I felt tired all the time and had dizzy spells and hot flashes. My head ached. I doctored for a long time, but I didn't get much good and finally I used Doan's Kidney Pills, which I got at Kirk's Drug store. They gave me great relief and after I had taken the second box, the trouble disappeared. I haven't had any cause for complaint since. Others of the family are now using Doan's Kidney Pills and consider them the best kidney medicine on the market.

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Coleman had. Foster-Milburn Co., Props., Buffalo, N. Y.

Man Stabbed in a Drunken Row

In a drunken brawl at a Slavish celebration, John Dihi and John Leatvili stabbed Steve Krietz at La Belle works. They were arrested by State Troopers J. P. Strobel and P. T. Hozaney, stationed at Fredericktown.

Kreitz is in a serious condition. He was removed to Mercy hospital, Pittsburgh, suffering from eight stab wounds, seven in the head and neck, the eighth being under the left shoulder blade. The accused was arrested after a fight with the constabulary and are now in jail.

DISORDERLY MEN ARRESTED AT ELRAMA

"Water Day" was observed among the Russians at Elrama and as a result several fights occurred. A riot call was sent to Monongahela and a detail of officers were soon on the scene. It proved to be a drunken fight in which one man was seriously injured. John Hawselit was arrested charged on oath of Mike Stirkaw with felonious assault and battery. The latter is suffering with a deep scalp lasceration which he claims the defendent did with a heavy granite bucket. The prisoner was taken to the Monongahela lockup to await a hearing last evening before Alderman Wiper.

It is stated that a box car was broken into at Elrama a few mornings ago and 21 kegs and several cases of beer stolen. As yet no clue has been obtained as to the perpetrators, but it is presumed from the number of drunks at Elrama recently that this stolen beverage played a prominent part.

More Bills Introduced.

The first of a series of bills designed to raise revenue for improvement of the highways of the state, has been introduced into the House at Harrisburg by Mr. Jones, Susquehanna, chairman of the roads committee. It would impose a tax of four mills on the nominal value of all mortgages, bonds, script certificates and every other security or loan bearing interest, except ordinary commercial paper is issued and discounted. It is estimated that the tax will raise $2,000,000 a year.

Yesterday being the last day to introduce bills in the House, there was a rush of proposed legislation.

Mr. Walter, Franklin, introduced bills providing that no municipality shall sell or lease a public utility without the public approving; regulating the erection of a borough or of two or more boroughs into a third class city; empowering sealers of weights and measures to form a state association.

A Triple Funeral

A triple funeral in which two brothers and the wife of one were buried at Freeport, was held Monday afternoon in the Freeport cemetery. All were victims of pneumonia, having died within 28 hours.

Charles Randolph, 60 years old, died in his home on the Saxonburg road Saturday morning. Sunday morning, Mrs. Randolph, aged 62 years, succumbed, and Saturday afternoon, the brother, 70 years old, died. Mr. and Mrs. Randolph leave two sons, and two daughters. On son Jacob, lives on the farm where the three deaths occurred.

West Penn Accused

A complaint was registered against the West Penn Electric company at the regular meeting of council last night. The council seems to have the goods on the company. The concern is charged with violating one of the ten commandments as follows: "Thou Shalt Not Steal," also their contract with the borough which provides that the company shall furnish 200 candle power light for street lighting purposes.

In the report of the light committee it was stated that many of the 200 lamps have been removed and 80 candle power substituted. This aroused the ire of the solons and Councilman Kruell made a motion that all bills presented by the company be held up pending the fulfillment of the contract with the borough. He charged and rightly charged, that the company had violated its contract and therefore had no right to receive pay for any part of the service rendered.

If the council can prove this violation of contract and willful desire on the part of the company to collect from its consumers for service not actually given, it will be the first time in the history of the company's business dealings with the town that such an unfortunate situation has occurred. But as has been recently stated, the West Penn seems to be getting more contracts than it can take care of with efficient service and the time has come for a public awakening and a demand for better things. We shall watch with interest the investigation that is being made by the light committee of council and shall do all in our power to stop this steal, if the steal is actually being made. The reduction of a 200 lamp to an 80 is a little too bold for one jump and the taxpayers evidently deserve some protection.

Present Day Revolvers

A revolver is a nickle plated substitute for bravery, which has practically driven the original article out of the market.

The revolver gives a puny man with a 5-8 inch brain and the pluck of a grasshopper a 100-yard reach and makes him more deadly than a Sioux Indian. There was a time when this country had no dangerous animals, except bears and wolves, but now vast hordes of 16-year-old boys who use their skulls for a dime novel bookcase, roam the streets with cigarettes in their face and portable cannon in their hip pockets, producing obituaries with the skill and enthusiasm of a cholera microbe; while it is at all times possible to meet a personal enemy who has been chasing you for a week, and who is reluctantly compelled to defend himself when he catches you by filling you so full of lead that your remains will require eight pall-bearers. Revolvers are now so generally used in debate, in domestic quarrels and repartee of all sorts that 8,000 Americans die of them each year, it is said.

Should Have Sewer

Council last night refused to construct a sewer one square from Reed avenue to Knox avenue on Second street. Both the First ward councilmen made a fight for the improvement which according to all evidence was a just fight for a needed improvement, but these men were not sustained in their contention. The Steel Mill row has never been properly sewered. The houses have been complained of by landlords, tenants and people in the immediate section. People on the opposite side of the street were forced to place a sewer at their own expense in order to accommodate their property. In this section there is good residence property. People adjacent to this row deserve every protection from sewer gas and other foul odors that the people in other sections do, and it is far from their powers of reasoning to determine why people in other sections of town get sewers and this square in Second street *none*. This square is entitled to a sewer the same as any other section of the town, and council should construct it at once and thus avoid working a hardship on any property owner.

Mothers' Assistance Bill Has Passed the House

Pittsburgh, Pa.—The Vickerman mothers' assistance bill, carrying an apropriation for $800,000 for mothers' pensions in Pennsylvania, passed the House of Representatives by a vote of 196 to 0. It is now before the Senate and is expected to receive almost unanimous support. The Senate bill has been introduced by Senator Edward C. Patton of Philadelphia.

The Mothers' Pension League of Allegheny county, which has conducted a state wide compaign in behalf of a larger appropriation for mothers' pensions, wired its congratulations to Representative John W. Vickerman and announced that the victory would be ratified at a monster Mothers' Day meeting in Memorial hall, Pittsburgh, Sunday afternoon, May 9th, when Gov. Martin G. Brumbaugh and other prominent men will be the guests of the League.

This will be the second annual mothers' day gathering and it will be attended by mothers' pension advocates from all sections of Pennsylvania as well as by representatives from adjacent states. Mothers' Pension laws have been adopted by more than half the states in the union and at the May meeting a movement will be started in behalf of the mothers in every commonwealth in the country.

Following the passage of the Vickerman bill the Mothers' Pension League wired the result to Gov. Charles S. Whitman of New York urging him to approve the bill recently passed by the legislature at Albany. It was pointed out that the success of mothers' pensions in the two largest states would set an example which sister states would hasten to follow.

Last Saturday Representative Vickerman was the principal speaker at a meeting of the Mothers' Pension League of Allegheny county, which had been called to consider the progress of the legislation. He said he was pleased with the business methods of the League and pledged himself to assist in its enterprises and do everything in his power for Mothers' Pensions.

Dr. J. Leonard Levy presided and said he opposed the principle of the mothers' assistance fund being distributed through the Juvenile court or any charitable agency. The mothers' pension law, he said, is a step in the direction of social justice and should not savor of crime or charity.

Bishop Cortlandt Whitehead, of the Protestant Episcopal diocese of Pittsburgh, and chairman of the advisory board of the League, reported that 23 states of the Union now have mothers' pension laws in force and that in five other states bills for the granting of pensions are pending. County Treasurer Frank J. Harris stated that $85,624.50 had been disbursed to mothers in Pennsylvania up to March 1.

The Mothers's Pension League will have charge of the program of the convention of mothers' pension advocates and educators which will be held at the Panama-Pacific Exposition, San Francisco, July 20, 32 and 22 and desires the names of all Pennsylvanians who will visit the coast at that time. A number of delegates to this convention already have been named.

PIMPLES, BLOTCHES, BAD COMPLEXION, SKIN AND BLOOD DISORDERS

are usually due to torpid liver, biliousness, stomach troubles or clogged kidneys, (says a noted specialist.) The organs become weak and irregular, due to lack of exercise and the waste poisons are absorbed by the blood. You can overcome these distressing ailments by flushing the system with Lax-Uric. Craig the druggist will sell you this valuable remedy which also brings quick relief to sufferers from rheumatism, lumbago, sick headache, indigestion, heartburn and bladder trouble. Beware of imitations of Lax-Uric. Lax-Uric is for sale by all druggists at 25 cents and 50 cents a bottle.

Suffrage Notes

Harrisburg, Pa.—Pennsylvania suffragists who were unable to make the trip to Troy, N. Y., to witness the casting of the Women's Liberty Bell will soon have an opportunity to see the entire ceremony in the "movies." Three of the biggest film concerns in the country had camera men at the Meneely-Bell Foundry when the casting took place and they carefully recorded every step in the program, from the time the Pennsylvania delegation left their hotel and were escorted by the Troy Suffragists to the Foundry, until the bell was cast and the white hot mould was covered with sand by the workmen. Altogether 750 feet of film was used in "taking" the ceremonies and the most picturesque features will soon appear on the regular "News Weekly" reels sent out by the Pathe, Mutual and Hearst-Selig film companies.

A call has been issued by Mrs. J. C. F. Motz, chairman of Westmoreland county for the quarterly conference to be held in Greensburg, April 16th, at the Rappe hotel at 9:30 a. m. Chairmen and delegates of the twenty-two organizations are expected. Each chairman is to give a three minute report.

Pittsburgh, Pa.—In honor of the visit here May 9 and 10 of Dr. Anna Howard Shaw, president of the National Woman Suffrage association, Pittsburgh women are canvassing clergymen of the city and county to make universal the observance of Sunday, May 9, as Suffrage Sunday. Reports received from interviews with 100 clergymen and priests show that 70, declaring their belief in extending the franchise to women, announced they were willing to make public announcement to this effect from their pulpits. The suffrage mite box method of collecting funds for the cause is succeeding far beyond the dreams of its originators, suffrage leaders announce. Only a penny is asked to be dropped in. Five hundred such boxes, placed in public buildings and private homes throughout the county by Mrs. Belle Bricker of Dormont, are being filled for a general accounting day early this month.

State Chairman Hannah J. Patterson of the Woman Suffrage party of Pennsylvania has issued a call to all suffragists to convene at Harrisburg for a party conference Thursday and Friday, April 8 and 9. The conference will be held in the Board of Trade hall, Market street. Mrs. L. C. Fox, of Irwin, will be the official delegate to represent the Westmoreland county suffrage association. Various local chairmen will likely go east for the conference also. On Thursday evening a reception will be held by Mrs. Frank Roessing and Miss Patterson at the headquarters to meet Miss Maud Younger of California, who is believed to be responsible for more suffrage victories in California than any other person. Miss Younger has had special experience in work at the polls and is considered by Mrs. Catt and other national leaders as one of the ablest suffrage workers in the entire United States. Miss Younger's address on "Special Work on Election Day" will be given Friday afternoon. On the two days' program will be included the campaign calendar, open air work, auto tours, street meetings, county fairs, literature and suffrage novelties and an address on "How to Raise Money for Local Work." Moving picture films will be shown and Mrs. Laura Gregg Cannon is scheduled to deliver an address on "The Relation of Woman Suffrage to the Labor Movement."

Great for Emergencies

San Cura Ointment Should Be in Every Home

There never was known a more reliable ointment than San Cura. In most every case where it has been used, it has created astonishment. It drew a needle out of the foot of the daughter of Mrs. James Hitchcock, of Centreville, Pa., after the doctor had used his lance and failed.

It has healing and antiseptic value. It possesses so much healing virtue that it is guaranteed by Craig's Drug store to relieve any kind of piles, eczema, tetter, salt rheuma, boils, carbuncles, ulcers, all kinds of chronic sores, chilblains and shaped hands, or money back.

It's a mighty handy remedy to have in the house in emergencies for bruises, burns, cuts or scalds, because it relieves the pain and is antiseptic and healing. It's a medicine chest in itself—a little family physician that is ever in demand. 25c and 50c a jar at Craig's Drug store.

ENTERTAINED CLASS

Miss Bertha Kraft entertained the Phi Kappa Phi class of the United Brthren church, Wednesday evening, at her home on Knox avenue. The losing side in a recent contest entertained the winners. The home was nicely decorated in the class colors, blue and gold, and after the business session, a program which had been previously arranged, was given. A dainty lunch was served by the hostess to the delight of all. To the regret of the members of the class, they had farewell to their faithful teacher, Mrs. Chas. Shrader, who has resigned as teacher. When the closing hour came, the class sang "God Be With You 'Til We Meet Again" and dismissed with prayer.

SUCESSFUL CHURCH YEAR

The United Presbyterian church held their annual congregational meeting last night. Reports from the various departments showed a splendid financial condition. All the old officers were re-elected and Rev. Jameson continued as pastor.

PAY-UP DAY--WHY NOT?

"Why not have a pay-up day this year instead of a clean-up day" said a local busines man to the reporter. "It would answer better and do a greater good to a greater people" Continuing he said: "I owe a lot of people and more owe me, and if I could get what is coming to me, I could pay everybody."

It wasn't a bad suggestion at that. Too many people don't pay because they hate to let loose of the long green. They make excuses on account of a "panic" when as a matter of fact, panic or no panic it is all the same with them. Now what a glorious day it would be in Monessen if some day everybody would resolve to pay the other fellow. Wouldn't there be some shuffle in finances. Wouldn't some bank accounts be shot to pieces and wouldn't some people be happy. How about it, shall we try? Anybody that wants to can begin any time.
